

WEEK 1

YOUNG ADULT TABLE TALK "LIT"

Proverbs 2:6

For the Lord gives wisdom;
From His mouth come
knowledge and understanding.

Devotion

As we enter into the New Year, many people begin to set their resolutions and intentions. They do this because they are serious about a specific goal or thing they are trying to pursue. God is asking us on this day and everyday, how serious are we about Him? We make time for exercise, and we make time for activities amongst other things. If we are serious about God's wisdom will we make time for His Word? I'm sure we can show God better than tell God..

Challenge

- What have you decided to prioritize for 2023?
- What practical thing can you do to actively seek God's wisdom, knowledge and understanding in 2023?
